

Service and System Suppliers Receive Accreditation

Each year and for over 20 years, senior consultants at Goodacre UK review services and systems provided to regulated companies. Those firms considered to be providing services in a satisfactory way are invited to list their details on <http://goodacreuk.com/systems.html>

These providers may also apply for the annual GoodAccredited standard. The review process for these applications includes obtaining feedback from users of the respective systems. The standard is allocated to those suppliers which meet specified criteria.

This year, a record number of applications have been received and those firms that have been awarded the GoodAccredited Standard 2016 are:

Abide Financial
Allfunds Bank
AutoRek
Avaloq
Avox
Babel Systems
BITA Risk
Bravura Solutions
Broadridge Financial Solutions
BRT
Calastone
Clarus Risk
Clearstream Banking
Cofunds
